

PRODUCT DESIGN

TASK:

Using only one A4 piece of foam board, design an exciting new egg cup.

THINK:

- What shape will it be?
- How many eggs will it hold?
- Does it glue or slot together?
- Could it have a second function?

DEVELOP:

Develop your design thinking about form and function.

FORM: Shape, size, proportion and colour

FUNCTIONS: Cooking, holding, eating, cleaning

PRESENT:

Produce 1 A4 poster showing your final design.

Produce a hand drawn sketching of your idea.

Photograph your design in use and from several views.

Explain your design using very small amount of writing.

Bring your work to your first lesson in September.

If you have any questions email Dave Horwood at dsh@barton.ac.uk
