

PHOTOGRAPHY (FILM & MOVING IMAGE)

A LEVEL

WHAT YOU WILL LEARN

A-level Photography (Film & Moving Image) is a well-established course for students interested in the creative industry and the possibilities of film and animation. The course allows students to work in a very practical way and develop the required skills and understanding to produce their own professional outcomes and portfolio.

At the beginning of their studies, they will be introduced to a variety of techniques through workshops to build up a broad range of skills, before embarking on personal projects that give them the freedom to explore their individual style.
